Hi Jess,

Ok, got it! I'm also copying Bill Glenn and Trish Hudnall on this message because they will cover social media out reach for me beginning at noon on August 14 through August 21.

Hang in there!

Bonnie

Subject: Please don't post anything except information about the Gold King Mine

Hi!

I'd like to ask R6, R8, R9, OW, and OSWER social media accounts to please hold all posts except those about Gold King Mine at least through Friday. We will re-evaluate on Monday.

As you know, the EOC has been activated here in DC and all communications, including social media, need to go through the PIO for approval before posting. For now, we will have very limited posts. Please RT/share from the main and the administrator's social media accounts. If

you have a post that you'd like to put on your regional or office social media account, please let me know & I'll help you get approval from the PIO.

Let me know if you have any questions. I'll be sending another email to the social media community of practice about this and asking them to not post about topics that could be sensitive, like water quality.

Thanks! Jess
